\$30,000.00 Of Provincial Money To Be Spent On New Calling Lake Road

MEANOOK—The Council of the Municipal District of Athabasca met here on September 8th and discussed, among other things, the municipal road building program.

It was decided to ask the Provincial Government, the Minister of Highways, for \$30,000 from the 1955 contingency fund to spend on the Calling Lake road lying within the boundary of this municipal district. It will be built on a 100-ft. right-of-way, and the municipal district will pay the total cost of purchasing the right-of-way, for approximately 10 miles of road.

Council approved of the arrangements made by Reeve Aloisio and Sun Oil Co. for \$100.00 to repair road damage on road formerly in the Municipal District of Westlock.

A by-law was passed to limit the speed of vehicles around the south side of Baptiste Lake through Lake Lots 10, 11, 12 and 13-66-24-4 to ten (10) miles per hour, and to a speed of twenty (20) miles per hour around the balance of the lake, from May 1 to September 30 in each year.

Thomas Swain of Athabasca applied to Council to act as municipal constable. The Reeve and Deputy Reeve were appointed to investigate the possibility of joint police action between the Municipal District and the Town of Athabasca, and were authorized to take any necessary action.

Mr. Swain stated if he was appointed a municipal constable for the whole municipal district, he would only expect \$10.00 per Sunday for policing the traffic around Baptiste Lake, plus a barrel of gas per month, and he would police the balance of the municipal district free of charge. He was then authorized to act as a municipal constable over the whole municipal district.

Ray Lewis was authorized to move his office building from off railway property onto his own land at Colinton.

G. Weldon and B. Allen interviewed Council re fixing up the Sawdy school bus route. It was stated three miles needed to be graded and gravelled. Councillor Los stated he would like to leave this road until 1956, and then rebuild it. It was then decided to put this bus route south of 30-67-22-4, on the road grant list for

1956. \$1,500.00 from the 1956 grant will be spent on it.

Mr. Beaver of Industrial Road Equipment Co. interviewed the Council re road machinery, but was told no new machinery would be purchased until 1956.

L. Anderson interviewed the Council re Dapp Creek. A letter was read by the Secretary from the Water Resources Branch re the Town of Dapp being flooded by this creek. Anderson stated his land flooded overnight. The Reeve and Secretary-Treasurer were authorized to sign the agreement for flood control project in 62-24-4 and 62-25-4.

A Smoliarchuk from the S.E. 23-65-19-4 called about road, stating there were 300 yards of very wet land which would cost thousands of dollars to fix up. He stated Willard Lindstrom had a "cat" and could work on this road.

A by-law was proposed to purchase from the Union Tractor and Equipment Co. Ltd. of Edmonton, one Allis-Chalmers motor grader, Model AD4, Serial No. 3563, with cab, scarifier, lights, starter, Baker snowplow and Baker snow wing, 12-ply 13x24 tires all round, for a price of \$7,675.00, plus freight from Calgary, on terms of \$500.00 down payment (being trade-in value of an A.C. Motor Speed Patrol), and \$3,672.44 on November 15, 1955, and \$3,672.45 on April 15, 1956.

Mr. Skorochid was authorized to cut hay on the S.E. 12-65-18-4, upon payment of regular dues.

Councillor Los reported, to the Council that Mr. Barnstorf is now running the HD 10 "cat" tractor in Division 7. He was authorized to hire Steve Rosychuk to run the "cat" tractor in Division 7, at \$1.20 per hour.

It was decided to send in the petition of ratepayers re P.F.A. in 65-19-4 to the Edmonton office.

Council approved of the transfer of part of the N.E. 22-63-23-4 to the Anglican Church.

By-laws were passed to expropriate half an acre of land from southwest corner of S.W. 4-65-23-4; half an acre from the southeast corner of S.E. 4-65-23-4, for a road and the owners will be offered 2½ times the assessment value.

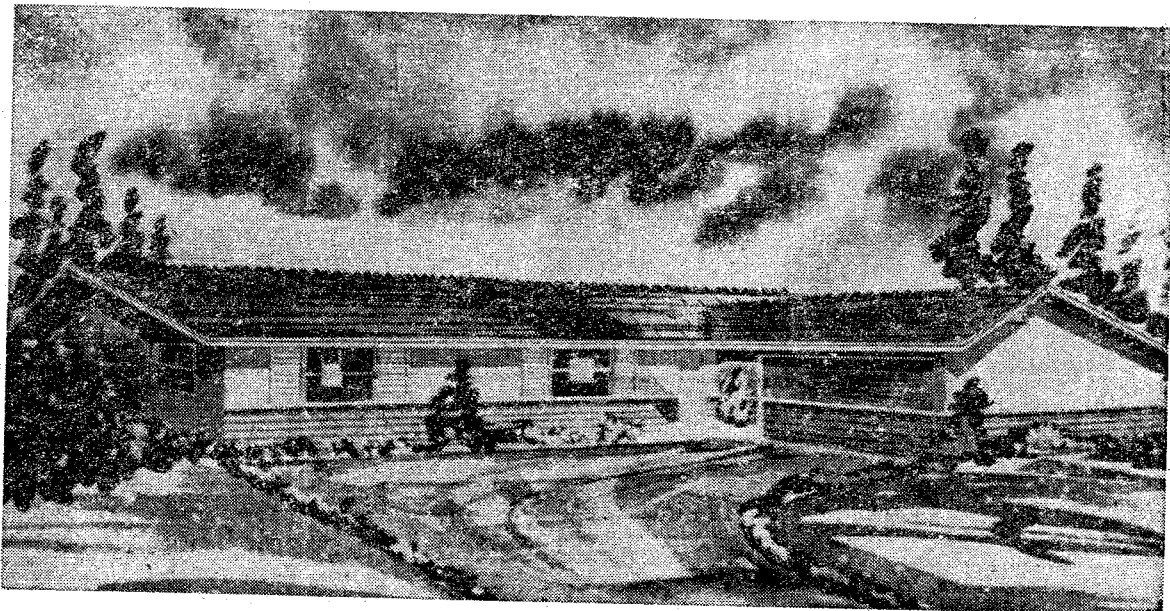

Another by-law was passed to expropriate 66 feet of land on the west side of the N.E. 23-65-19-4 for a road and the Department of Lands and Mines will be asked to reserve this land.

Approval was given Harold Wiltse to build a garage on Lot 9, Blk 1 in the Hamlet of Colinton.

It was decided to pay Ed Samirsky for 2½ acres of land taken for a road at 2½ times the assessed value, and \$60.00 for the fence on the S.W. 31-65-18-4.

Councillor Wright reported to the Council that Mr. Kay, the resident engineer on the new highway connecting highways 2 and 46, had just asked him to get the land purchased from mile 15.5 to mile 1, as he wishes to have the fences moved, as the brushing contract is to be let immediately. Mr. E. Hart was instructed to attend to this at once.

Dr. Enrico Fermi, atomic scientist and Nobel Prize winner, died recently in Chicago of cancer at 53.

THE NOTTINGHAM ranch style three-bedroom home in Sherwood Park has two bathrooms and a double attached garage. There are 1,200 square feet in this beautiful new home that thousands have viewed recently.

Homesteaders Apply For Land In Lac La Biche Area Under New Gov't Scheme

Land is being broken and cleared on some 300 Alberta homesteads under the provincial government's new program of financial aid to settlers.

Much of the homestead land being opened for settlement is in the Peace River country, while some is in the Lac La Biche district and in the area southwest of Edmonton.

V. A. Wood, chairman of the committee administering the program, said Wednesday about 950 applications for aid have been received since the scheme was started in July. Of these about 350 have been approved.

Under the plan, the government will lend a maximum of \$1,000 to help the homesteader break and clear his land. A \$1,000,000 fund to carry out the program was established at spring session of the legislature.

Mr. Wood explained that the money is not lent directly to the applicant. When an application for assistance is approved by the committee and the minister, the homesteader is told to proceed with the breaking and clearing.

Mr. Wood said work is now being done on the land by the 300 applicants who received the approval of the committee. When it is finished, inspectors from the department of lands and forests must look over the work to determine if it has been done properly.

The board is still processing the applications of some 650 other settlers who are taking out homestead leases on government owned lands.

Applications are still coming in to the lands and forests department. "We're getting them by the hundreds," Mr. Wood said.

Legislation establishing the fund and the assistance program was passed by the last legislature during the regular spring session.

The fund is what the government terms a "revolving fund", starting out with \$1,000,000 from general revenue, but with repayment of principal of loans going back into the fund. The legislation provides that more money can be placed into the fund from general revenue.

Loans made under the bill are for a maximum of 10 years. The interest rate is three and one-half percent, or four and one-half percent on instalments not paid within thirty days from the date on which they become due.

The chairman of the advisory committee, Mr. Wood, is director of lands for the department of lands

and forests, and chairman of the provincial parks board.

Grades IX - XII Results Dr. Swift High School

The following are the results of the Grade XII and Grade IX June Departmental Examinations - 1955.

Ten Grade XII students writing one or more departmental exams received 5 - A's, 18 - B's, 8 - C's and 5 - D's.

Twenty five out of twenty eight Grade nine students made pass marks, compiling a total of 28 - H's, 35 - A's, 52 - B's, 28 - C's and 9 - D's. Mary Lou Osterholm and Colette Langevin were awarded honor passes in Grade IX. They will share cash awards donated by the Lac La Biche W.I. and the Ladies of St. Catherine's Church of Lac La Biche.

Lac la Biche

Steady rain during the past week has brought harvest operations in this area to a halt. Highways are extremely rough and side roads are next to impassable. Even the nimrods would like to see the sun shine once more—but by the look of those clouds it appears that the rain is far from over.

Roy Raines has made rapid progress on building his new home.

Ion Badry's new house is almost roughed in, the inclement weather delaying progress.

Work on the new Ukrainian Greek Orthodox Church has also been halted temporarily by rain. Roughing-in is almost completed.

Tillie Koerner is assisting Mrs. Greene in teaching Sunday school in the Lac la Biche Anglican church.

Rev. Greene was seen painting the Anglican church rectory — a commendable job.

Mrs. A. Clark and family have returned from British Columbia where they spent a month with Mrs. Clark's sister. Mr. Clark is at Anzak, about 100 miles north of here.

Mr. and Mrs. John Sandulac from Prince George, B.C. were here visiting relatives.

Mr. and Mrs. George Sandulac and son were recent guests of relatives here.

Grassland

Eddie Semenchuk left on Thursday's bus for Edmonton.

The Misses Helen and Mary Sawchyn and Rostyk Saddwnik are attending the University of Alberta.

Mrs. Tatum and Lucille were visitors at the Garnier home last week and attended the banquet at the Community Hall.

Mrs. Jennie Luchka has as guest her sister from the United States.

Derkos are remodelling the interior of their home.

Due to adverse weather conditions last week the school vans were not able to operate on the roads, which resulted in a low school attendance.

Mrs. Ianthé Garnier, who has been visiting in Lac la Biche, returned home on Saturday.

Lac La Biche Student's Union Successful Acquaintance Party

The recreation room of the Dr. Swift High School resounded with gaiety after two months of tranquility. A hard time party was held by the Students' Union for the re-acquaintance of old pals and introductions to new-comers.

Rolled up jeans, checkered shirt and bobby socks were the popular trend for the occasion. Each face registered a look of anticipation, despite the drenched atmosphere.

Fun, frolic and dancing highlighted the evening. The jive pros exhibited their skills to cool dramatic music. All enjoyed the swing

and sway of waltzes, polkas, fox-trots and square dances.

A suggestion to invite the Grade nines was heartily accepted. But they were a sad bunch—no co-operation whatsoever. They would roll a piece of chalk with their noses across the floor, sing, jitterbug or do anything to prove they were worthy of being in the distinguished class.

A delicious lunch courteously served was followed by another assortment of dances before bringing the evening to a close.

RATEPAYERS TO VOTE ON PROJECT OCTOBER 19th

EDMONTON—City council approved construction of a four lane bridge expected to cost more than \$3,000,000 across the North Saskatchewan river.

Ratepayers will vote on the by-law for the bridge Oct. 19.

It will be located immediately east of the 105th St. bridge, one of four now crossing the river inside the city limits. A fifth is nearing completion.

City planner Noel Dant told council they were approaching the city's bridge and traffic problem "amateurishly."

He said they lacked the proper knowledge to solve the problem over a long term period and called for a survey of traffic origins and destinations to forecast bridge locations more accurately.

To Study Alberta's Blackfoot Indians

MONTREAL (BUP)—What sort of people were the Blackfoot Indians of the 1870's? Charles Griffin, 37-year-old British anthropologist visiting here, intends to find out when he launches a research program among the remainder of the tribe in Alberta next year.

The ex-army officer's interest in the Blackfoot Tribe stems from the reading of "Memoirs of a Blackfoot Indian Chief," the work of Chief Longlance. The author, one of Canada's most loyal Indians, helped op-

pose Sitting Bull and his rebellious Sioux.

Griffin, who has lived among the Fulani and Hausa tribes of Northern Nigeria and India, has gained permission to go among the Blackfoot tribe.

He is completing arrangements with the Department of Indian Affairs and continuing his study of the tribe in McGill University's library.

It's my train... my train!

It seems that an electric train happens in most little boys' lives... and why not? Little boys, like yours, deserve the things that make them happy. Toy trains are fine now, but are you taking steps to ensure his happiness later on? Will he benefit from a complete education, and will his natural talents be encouraged and developed to the greatest possible advantage? These are the things that mean happiness and security to a grown boy, but they also mean a substantial outlay for his parents. If you open a Savings Account at Imperial Bank now, and save regularly, you'll have the money later to provide these for your child. Save today and you will be making sure he will have everything a little boy—and his Dad—could wish for.

Mines Use Rubber Lining

KITCHENER, Ont. (Special) — The largest rubber lining project ever undertaken in North America is now in progress at the Quirke and Nordic Lake sites of Algom Uranium Mines near Blind River, it was announced today by H. P. Hawkins, general manager of B. F. Goodrich Industrial Products Division.

More than nine acres of rubber will be used to line 89 tanks, ranging in diameter from five feet to 100 feet and from two feet deep to twenty feet deep. Many miles of pipe will also be rubber lined. The tanks and pipe will contain sulphuric and nitric acids which are vital to uranium ore processing. The rubber linings, three sixteenths of an inch thick, protect the metal from damaging action of the acids.

Although officials did not disclose the actual dollar value of the B. F. Goodrich contract with Algom Uranium Mines, Limited, it is understood that more than a million dollars is involved.

The rubber lining project near Blind River will be carried out by B. F. Goodrich workmen from Kitchener. They will live in special quarters at the mine sites until completion of the contract in November 1956.

The Quirke Lake work will be completed in March 1956 and the Nordic Lake operation eight months later.

The Kitchener employees volunteered for the work and the pioneer "bush life". They will be brought home at various times for a weekend with their families in the Twin Cities. Full recreational facilities have been provided for the men during their residence in Ontario's northern bush. Radios, phonograph and movies will provide entertainment.

The Beaver, first steamship on the Pacific coast, rounded Cape Horn and reached Fort Vancouver in 1835.

Kick Proves Fatal

BRANDON — Clarence Dixon, 4, of Brandon was killed Friday when kicked by a horse stalled at the Provincial Exhibition Park here. The boy was playing around the track at the time.

Post Office Closes After 21 Years

ROCKY MOUNTAIN HOUSE, Alta. (BUP) — The post office at Ferrier, Alta., six miles west of Rocky Mountain House, has closed its doors.

The post office was in conjunction with a general store run by Mr. and Mrs. Ray Smith.

The office was first opened in 1934, but now all mail will be handled through Rocky Mountain House.

In the past few years five post

offices in the settlements of Horburg, Phoenix, Alexo, Saunders and Nordegg have all been closed and handled through Rocky Mountain House.

RESEARCH MAKES UNIQUE WAXES POSSIBLE FOR NEW PLANTS

New petroleum waxes developed during seven years of research by Imperial Oil Ltd. will be among the products of a new wax-making plant which the company will soon begin building at Sarnia.

Construction of the plant, which is estimated to cost some \$4½ millions, will begin within a few months and is scheduled for completion in January, 1957.

Using processes chosen after the seven-year period of laboratory work by Imperial's research department at Sarnia, the new plant will produce 35,000,000 pounds of wax per year, or about half the present Canadian demand. Among its products will be waxes never before produced anywhere, together with some which now have to be imported.

During some four years of the wax research program, the chemists used a semi-commercial pilot, or experimental plant to produce small quantities of wax.

One of the waxes combines some of the characteristics of both hard, brittle wax and a soft, pliable one. It will be used for providing a better coating for such agricultural products as turnips and cheese and as a component of a milk carton wax. It provides an attractive high gloss while remaining so pliable it will not crack or shatter even during rough handling and shipping.

A more unusual use of the same product will be in wax baths for arthritic cases, although this use probably will represent a mere fraction of total production.

Another type of wax to be pro-

duced in the new plant will have a melting point of 185 degrees — one of the highest ever achieved — and will be used for insulating and for floor polishes.

Other waxes, many of them developed or improved through research at Sarnia, will be used for making waxed paper, bread-wrapping paper, waterproof textiles, candles, cosmetics and other industrial, agricultural and medical products.

The present wax plant will continue operating until the new one is finished. The new plant will be so constructed as to allow room for additions as the demand for petroleum waxes grows.

Imperial engineers are currently working on designs for equipment that will automatically pour, cool and package the wax after it has been extracted from the lubricating oil.

The research just completed resulted in the choice of a process

called fractional recrystallization, as one of the new plant's processes. In this process, wax is removed from lubricating oils by treating it with a solvent and then heating it and gradually lowering the temperature. Thus waxes of different melting points can be removed as solids.

The research experiments proved this process will make a wider variety of waxes than are possible by any other methods, will produce waxes of higher quality and will yield more wax from a given amount of oil.

New Hospital Opened By Hon. J. J. Bowlen

Official Opening New Wing Of Hospital Oct. 6

The new St. Catherine's Hospital at Lac La Biche, Alberta, will be officially opened on Thursday, October 6 at 2 p.m. by His Honor, Dr. J. J. Bowlen, Lieutenant-Governor of Alberta. This will mark an important event in the history of Lac La Biche.

Everyone is invited to attend the official opening. Children must be accompanied by their parents.

Old Hospital As Staff Residence

Patients in the old hospital will be moved into the new building immediately after the opening of the new wing. The old building, however, will be used as residence for the sisters, nurses and staff. Private residences will be required for the increase in the hospital's staff.

New Hospital Has Modern X-Ray Machine

The hospital contains a new X-ray machine, the latest type and model. The new building also contains large operating rooms with the most up-to-date equipment: oxygen outlets in the walls and new operating light. The operating rooms have marble floors.

The most expensive light fixtures have been placed in the hospital, to provide comfort to the patients.

The new hospital is a fine addition to the town of Lac la Biche.

Owl River

Mr. and Mrs. W. F. Haney of Red Deer spent the week-end with Mr. and Mrs. L. J. Diesel and family.

Mrs. Leo Johnston and family visited Mr. and Mrs. Max Diesel recently.

A. Cardinal and Buster Cardinal called on L. G. Diesel recently.

Camille, Henry, Archie and Walter Lavalles have returned from picking blueberries and are attending school at Owl River No. 2.

Willie Mihalchuk has returned to school after one year's absence. He is attending Owl River, No. 1.

Mr. and Mrs. Marion Diesel and

Ike motored to Wandering River to visit Mr. Diesel's sister and family.

Mr. and Mrs. L. J. Diesel motored to Wandering River, Sunday, Sept. 11, to visit their granddaughter, Jacqueline, who was celebrating her sixth birthday. Accompanying them were Mr. and Mrs. L. T. Diesel and Clyde. Mr. and Mrs. W. F. Haney, David Gatz, Bernice Pizer, Bertha, Bill, Stella and Martha Sawchuk, and Gordon Viallette. Jacqueline's mother served a delicious lunch.

Charron

Peter Shapka spent a few days at home due to the rainy weather which put a stop to road construction.

A birthday party was held for Sandy Karpetz. Many friends gathered to celebrate the occasion. Out-of-town guests were Mr. Skoreko of Edmonton, Mr. and Mrs. Nick Strycki of Wandering River, Earl Wright of Paxon, and John Broton of Spruce Valley.

George Shapka and Jacob Shapka motored to the city.

Pete Cote was the only resident of Charron who qualified to receive the scroll given to the people of 50 years' residence in Alberta.

Spruce Valley

Mrs. Annie Obertowich from Edmonton arrived at her parents, Mr. and Mrs. Harry Ryl's to help with harvest.

Fred Ryl was home for the week-end.

Mr. and Mrs. Alex Dowhaniuk of Piamondon and Mr. and Mrs. George Adushynski of Blue Jay were guests at the home of Mr. and Mrs. Peter Homeniuk.

Mrs. Caroline Zilinski is visiting her son-in-law and daughter, Brownie Zilinski, at Athabasca.

Farewell Party For Olson Family

EGG LAKE — On Saturday, Sept. 17, a surprise party was held for Mr. and Mrs. H. M. Olson and son Robert, at their home, on the occasion of their nearing departure from the district. They have sold their farm to Gerald Amiot and will be leaving for Conklin in the near future.

The party was organized by the neighbors, and the ladies had prepared a delicious lunch and brought it all ready to serve.

Over 30 people came to help make the evening a real success. After lunch was served, the couple was presented with a suitcase, a percolator and a flower vase, a gift of their many friends.

This family has resided in this district for over 15 years. They are wished every success in their new enterprise.

Caslan

Carl Lukasuk and Evelyn Krawchuk are taking Grade XI at Boyle.

Mr. and Mrs. George Waselenchuk and family have moved to Frains and plan to make their home there.

Miss Gladys Henson was visiting friends in Edmonton.

Skyler Hughes of Edmonton has been staying at the home of his grandparents, Mr. and Mrs. A. Mateshuk.

Mr. Saarela was a guest of relatives in the district.

Michael Kowalchuk is teaching the senior grades at the Caslan School again this term. Roger Varze is teaching the intermediate grades, and Victoria Wasik, the junior grades.

Frank and Marjorie Cherniw-

chan are staying with their grandparents, Mr. and Mrs. N. Wolansky, to go to school this term.

A. Lambert has returned to Caslan after being away working.

Mr. and Mrs. Stanley Cisko motored to Edmonton recently. Mrs. Walter Meyer and Mrs. Mike Kniakzy accompanied them on the trip.

Mr. and Mrs. A. Cherniwchan had their daughter, Effie, visiting them.

Mr. and Mrs. Pat Gordon entertained friends and relatives at their home one evening to celebrate Bruce Gordon's birthday.

False Alarm

EDMONTON—The burglar alarm in the main branch of the Bank of Commerce rang shortly after the bank opened Monday. Alert Edmonton police sped to the bank, sirens screaming. It was a false alarm caused by a faulty system.

Student's Union Elects Executive

The Student's Union commenced the new term by electing a new executive. The following were elected: president, Roger Langevin; vice-president, Ronald Lloyd; secretary, Iris Duban; treasurer, Tom Maccagno; social convener, Olga Rispler; girls' sports convener, Sherill Lazinsky; boys' sports convener, Roy Tkatchuk and Clyde Brimmeade, Grade IX representative.

We wish the very best in the future to the New St. Catherine's Hospital.

The old hospital was a real asset to the town in the past and we feel that the new building will do an even better job.

Drilling Methods on Display

AN OIL DRILLING SCENE, common to most Albertans, is of great interest to citizens of Chicago, Ill. Here is a demonstration party "drilling" for oil along the lake front in downtown Chicago.

Control of Bacterial Ring Rot Potato Disease

Bacterial ring rot is a disease of potatoes which is very contagious. It spreads rapidly by seed, old and used potato sacks, planting and harvesting machinery and other means. Symptoms of this disease are usually not apparent until fall. This disease first appeared in Alberta some 18 years ago but quick action by the Alberta Department of Agriculture has reduced the incidence of this disease to a very low mark.

In the potato growing areas now declared as pest areas for ring rot control purposes, growers must obtain a planting permit. Such permits are issued to growers who have approved seed, and every grower must have a planting permit.

This fall every grower's field in the pest area will be inspected for the presence of ring rot. If no disease is found a clearance certificate will be issued to the grower. If the disease is located, however, such a crop will be handled in a special way for early disposal of the tubers into approved channels. Growers who did not obtain their planting permit in the spring should contact their district agriculturist or write the Field Crop Branch to complete arrangements for their fields to be inspected. Inspection of potatoes is a special service to the grower to aid in the elimination of the dreaded disease from this province.

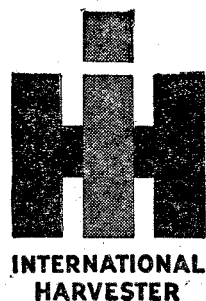

A number of inspectors began a survey for ring rot in early September in the pest areas. Present permits indicate that there will be about 8,500 acres of commercial

crop to check in areas as follows: Edmonton 2,500 acres, Brooks 1,200 acres, Calgary 250 acres, Lethbridge 4,500 acres.

The co-operation of every grower is solicited to make for a better and more thorough survey. This service has proved to be of tremendous advantage to the potato industry of Alberta in maintaining high quality potatoes.

NEW APPOINTMENT

EDMONTON — F. W. Walker has been appointed district agriculturist at Stettler, Agriculture Minister Halmrast announced. He succeeds R. D. Price who has been transferred to the Red Deer office.

INTERNATIONAL
HARVESTER

The St. Catherine's Hospital is to be commended for the enlarged hospital facilities.

Gibbons Man To Lacombe Post

LACOMBE (BUP) — District farmer, F. S. Goddard, has been named assistant district agriculturist at Lacombe, Alberta.

The Minister of Agriculture, Honorable L. C. Halmrast, made the announcement. Goddard farmed in the Gibbons district before joining the RCAF in 1940. He graduated from the Olds School of Agriculture and received his degree from the University of Alberta in 1949.

More "Oldsters" Found In West

MONTREAL — There are more old people per capita in the Canadian west than in the east, according to a survey being conducted by a Montreal research team of psychiatrists and social workers.

By provinces, the survey which is expected to continue for another year, has found Quebec the "youngest" with 5.7 per cent of its population in the 65-or-over age bracket.

The others are: Newfoundland 6.5 per cent; Prince Edward Island 9.9; Nova Scotia 8.5; New Brunswick 7.6; Ontario 8.7; Manitoba 8.45; Saskatchewan 8.1; Alberta 7.1, and British Columbia 10.8.

\$60.00 Taken From Teacher

EDMONTON (BUP) — An Edmonton school teacher told city police \$60 were taken from her purse while she was out of her classroom at Queen Alexandra school.

Some More Houses In West End

EDMONTON (BUP) — Fifty more houses have been authorized to be built in Edmonton's west end.

The building project, valued at

\$394,000, was given to Stanley Construction.

The four- and five-room frame and stucco bungalows will be located in West Glenora and Parkview sub-divisions in the vicinity of 148 street and 107 ave. and 92 ave. and 149 street.

Seven of the houses are valued at \$10,000 and 43 houses at \$9,000.

Polio Climbs

EDMONTON — The 1955 Edmonton polio total climbed to 41 cases with the three cases reported during the week ended Sept. 10. The city health report said that for the same period a year ago there were 42 cases.

Sitting On Gun Said Possession

EDMONTON (BUP) — Edmonton's Magistrate Barclay found a man found sitting on a gun guilty of possession when he appeared in Edmonton's police court.

He set down the ruling against Gabriel Kondrosky, and fined him \$50 and costs.

Kondrosky was charged after he was found sitting on the gun following a raid on an alleged bootlegging establishment, June 24, by city police.

Magistrate Barclay stated that because he was sitting on the gun he must have known it was there, so he therefore was in possession of it.

We wish a world of success and best wishes to the fine New Hospital

LAC LA BICHE Alberta

NATURAL GAS FOR LAC LA BICHE?

The Lac La Biche Board of Trade held their regular monthly meeting on Sept. 19 in the Town Hall. There was a fairly good turnout despite the heavy rain that fell steadily throughout the day and night.

A proposal to have another grain elevator erected in Lac La Biche was discussed. It was also proposed that the breakwater (Government) in the lake (Lac La Biche) be repaired. It was agreed that the A.M.A. be asked to erect required road signs on the highways adjacent to Lac La Biche.

The highlight of the meeting was the proposal to form "The Lac La Biche Gas Company", which, if formed, would start a "wild cat" well some five miles east of town. This company would include a majority of shareholders from Lac La Biche. Mr. Harold Manning, promoter; Mr. Ken Matheson, geologist; Mr. George Holmes, leaseholder, led the discussion regarding the proposed gas company.

The three gentlemen felt that piping gas from the Delhi gas-well located across the lake north of town, would be too costly an undertaking. They contend that laying pipe across water is more expensive and risky than laying it over land; that the distance of piping is too great; and that an additional "stand-by well" would have to be drilled. With these costly operations in view, the gentlemen showed preference for forming the proposed company and starting on

the "wild-cat". A meeting for the purpose of forming the proposed company was to be held in Edmonton on Sept. 23. Who knows—Lac La Biche may get natural gas sooner than expected.

Frains

The heavy rainfall that lasted over a week brought everything to a standstill. School children had to stay home due to impassable roads. Men are eagerly waiting once more for the sunny days to continue the threshing.

Archie Shwetz and Bob Sawchuk have left for British Columbia where they expect to work during the winter.

Card of Thanks

We wish to thank our relatives and friends for the kindness and sympathy extended to us during our recent bereavement, also for the spiritual offerings and floral tributes. A special thanks to Rev. J. E. McGrane, the Sisters of St. Catherine's Hospital, Doctors. Aitar boys, Choir and Pallbearers. —The Lionel Vincent Family.

Health Unit Busy In Local Schools

Dr. M. F. Brand and Miss Duffy, (nurse), from the Athabasca Health Unit are in Lac La Biche visiting classrooms, where they

have been giving medical examinations to all Grade 1 pupils as well as required inoculations and vaccinations to other pupils.

Huge Gas Turbines Approved

EDMONTON (BUP) — The largest gas turbine electric generators in the world will be installed in Edmonton's power plant.

Edmonton city council has approved the purchase of the gas turbines at a cost of over \$2,878,000. At present the city power plant uses gas to produce steam to turn it turbines.

Each of the gas turbines will generate 20,000 kilowatts at 68 degrees fahrenheit outside temperature.

The first of the two turbines is expected to be in service by 1958, the other coming into use a year later.

Alberta Slate Named For Meet

EDMONTON — Premier E. C. Manning will lead Alberta's delegation to the Federal-Provincial conference in Ottawa next month.

He will be accompanied by Health Minister W. W. Cross; E. W. Hinman, provincial treasurer; Dr. A. Somerville, deputy minister of health; A. W. Miller, deputy health

minister; K. J. Hawkins, deputy provincial treasurer, and C. K. Huckvale, provincial auditor.

The delegation will be accompanied by three official observers: Mayor William Hawrelak of Edmonton for the Urban Municipal Association and Derek Griffin of Edmonton for the Associated Chambers of Commerce and Agriculture.

Softball Girls Hold Banquet

This year, the Lac La Biche Girl's Softball Club concluded the ball season with a banquet at the Memorial Hall. Mr. Varze, the manager, cooked the chicken and Italian spaghetti supper.

Ted Mockriss, assistant coach, acted as master of ceremonies and introduced the speakers. Jean Tikanean, secretary, gave an outline of the progress of the club during the past four years. Mary Tesolin, captain, thanked everyone for their co-operation during the year. Constable Thorndycraft, coach, stated that he was proud to be their coach. Sonia Duban, president, presented Mr. Varze with a brown leather suitcase, donated by the girls to show their appreciation for his services as manager of the club since it first started. In turn, Mr. Varze thanked everyone for their co-operation in making the club what it is today.

The guests of honor each said a few words in support of the club.

To round off the evening, the girls and their escorts danced till midnight to music provided by three of our local boys.

Egg Lake

A. L. L'Heureux has rented his farm to his son Joseph and his son-in-law, James Rudiger and has moved to Lac La Biche with his two girls.

Miss Louise L'Heureux has come from Yellowknife, where she has been working for the last two years at the Hudson's Bay Store, to spend her holidays with her parents, Mr. and Mrs. Leon L'Heureux.

LAC LA BICHE Ph. 29 Alberta

ORIGINAL HOSPITAL BUILDING BUILT BY RAILWAY IN 1914

The first St. Catherine's Hospital was formerly the Lac la Biche Inn, a resort hotel built in 1914 by the Alberta and Great Western Railway. This was a fine chalet-type building and was built on the lake shore in order to make Lac la Biche a summer resort. However, in those days there were very poor roads in the district and, coupled with the fact that there were two tragic drownings involving guests at the hotel, it was closed just after a year of operation.

For many years, as a matter of fact, until 1937, the building was closed to the public, being occupied only by Mr. and Mrs. J. Watson and family. Mr. Watson, who at that time was the station agent, acted as caretaker for the property. In 1937 there was talk of selling the hotel. It was thought that perhaps it could be turned into a hospital, which was badly needed in the district, and so Fr. Meehan, parish priest there at that time, held a meeting with some of the citizens and a \$200.00 deposit was put on the building.

The next thing was to find someone to manage the hospital and after trying various religious communities, Fr. Meehan finally interested the Filles de Jesus to take over the building. The Sisters arrived in December, 1937. For a small hospital, the old hotel served admirably for a few years, but the district began to grow. The roads were greatly improved and the surrounding district opened up. Soon the present building became inadequate. Finally it was decided to build, not merely just an addition to the old hospital, but a fully modern hospital with modern surgical equipment.

The first sod for the new hospital was turned by Rev. J. E. McGrane, present parish priest of Lac la Biche, on March 17, 1954. Although the new building is connected with the old hospital, this is only for the services of heating. The new building, as far as the hospital is concerned, is absolutely separate from the old hospital and is a flat-roofed structure with a modern appearance. The exterior is stucco and dark wood panelling. Inside the front entrance of the building is the lobby, lavishly decorated with pine. At the west side is a rough stone wall. At the sides

of the room are plant boxes, where different varieties of plants will be grown. The office contains all modern equipment and the counter at the office has a sliding leather partition.

Comfortable leather easy-chairs have been placed in the lobby for the convenience of visitors.

The wards are painted in a wide variety of colors and have wide panoramic windows designed to give brightness to the rooms.

The new hospital will accommodate 56 patients. Besides this, there are 12 bassinets for the babies. The nursery is the newest model with blue and pink bassinets.

Paxson

John Pylypiuk has been a patient in the Athabasca hospital.

After spending a week at home, Henry Lockhart went back to the city to work.

Frank Lockhart left for Edmonton. He is attending St. Stephen's College this year.

Henry Lockhart spent a few days at Banff prior to coming home.

Bernie Beaudry has nearly completed the wiring at the home of Mr. and Mrs. H. Madsen.

B. Mellott left on Friday for Kelowna, B.C. He has been working at Mr. and Mrs. Hans Madsen for the past two months on their new house.

Bernie Beaudry is an Edmonton visitor this week.

George Hague Jr. had to go to the doctor Saturday to have a piece of steel removed from his eye.

Farewell Party For Mr., Mrs. McKenzie

GRASSLAND — A banquet in Grassland Community Hall was held Friday in honor of Mr. and Mrs. Ira McKenzie, who are leaving to reside in British Columbia. There was a good turn-out of friends in spite of inclement weather.

Presentation of a set of three

suitcases was made to the honored guests. A chicken supper was served. Mr. and Mrs. McKenzie, who have carried on farming operations just east of Grassland for a number of years, have sold their property to Gabriel Szkorupa.

Hylo Resident Laid To Rest

On Sept. 21, one of Hylo's oldest residents, Mrs. T. Stasiewicz, passed away at her home in the Hylo district. She was 83 years of age, and came from Russia with her husband and family to settle in the Hylo district in 1929, where she had lived since that time. She leaves to mourn her loss, three sons, Serge, and Mike of Hylo; Heron of Brantford, Ont.; two daughters, Mrs. Gene Simon of Hylo and Mrs. Boyko of Lac la Biche.

Hylo

Residents of Hylo district extend their sympathy to the family of Mrs. T. Stasiewicz.

A surprise birthday party was held in honor of Mrs. Bruno Meardi at the home of Mrs. S. Grandish on Sept. 15.

Gordie Coli is a patient in St. Catherine's Hospital, Lac la Biche.

Mrs. Allan Boyd and son, Jimmy, are visiting her sister, Mrs. William Sapko and family.

Mr. and Mrs. John Coli motored to Calgary to visit the latter's mother, who is ill.

ATA Convention In L.L.B. Oct. 20-21

The Lac La Biche Local A.T.A. will hold their Fall Convention in Dr. Swift's School on October 20 and 21. Outside guests and speakers will be Mrs. V. I. Rust and Dr. H. S. Baker from the Faculty of Education; Mr. W. E. Frame, Chief Superintendent of Schools; Mr. Roy Eyles, representing the A.T.A. Central Executive; Mr. N. Andruski, principal of Athabasca High School and A.T.A. District Representative; and Dr. Brand of the Athabasca Health Unit, No. 28.

Women's Institute Observes 10th Anniversary

An estimated eighty W.I. members and guests of the Lac La Biche W.I. thoroughly enjoyed the turkey dinner (with all the trimmings) served at the banquet held in the Dr. Swift High School on the evening of Sept. 13, in observance of the W.I.'s tenth anniversary. Following the delicious meal, Mr. Steve Homar, mayor of Lac La Biche, gave a short but interesting talk, congratulating the W.I. on work done in the past ten years, and touched briefly on the contributions of the W.I. to the community. Mrs. Kast gave the history of the Lac La Biche W.I., pointing out the projects success-

fully completed by the W.I. since its charter day. Among the numerous projects undertaken is the one of establishing and operating the public library, now in the town office. Mrs. Lett, Mrs. Joncas, Mrs. Kelly, Mrs. Badry and Mrs. Hayduk were charter members who are still members of the W.I.

To add spice to the celebration, the W.I. members and guests enjoyed participating in the sing-song so capably directed by Mrs. Myskiw.

Congratulations

Traffic Death Ruled Accident

EDMONTON (BUP)—The traffic death Sept. 4 of Albert Stanley Malthy, 57, was ruled accidental by a coroner's jury here.

Malthy had been involved in a truck-car collision Sept. 1 on a country intersection two miles north of 2½ miles east of Spruce Grove.

Driver of the truck, Levi E. Ulmer, 25, of Stony Plain, said he did not see the small car approaching the intersection in time to avoid hitting it.

Witnesses testified that heavy brush on the road allowance, on all four approaches to the intersection, obstructed the view of drivers nearing the intersection.

Harvest Outlook Is Still Good

EDMONTON (BUP)—Alberta agriculture officials are optimistic about the province's expected wheat crop despite recent cold weather.

An official of the United Grain Growers says the cold, damp weather had possibly set back the har-

vesting of crops for two or three days, but no more.

Continuing bad weather could however, degrade the crop to some extent, but 50 per cent of the crop has already been harvested.

Ideal weather last week brought crops east of Calgary and Lethbridge along rapidly.

Cutting of spring wheat has already started at most stations and is expected to be general in a week.

Harvesting of course grain crops was general with oats 60 per cent cut and 25 per cent threshed, and barley 75 per cent cut and 30 per cent threshed.

The weather man is also optimistic predicting warm temperatures and dry weather from September 14 to 18th.

Big School Attendance

EDMONTON—Forty-three thousand youngsters are attending school in Edmonton and suburban Jasper Place and Beverly, a record enrolment of nearly 4,000 above last year.

Scottish Society Chartered In 1949

The Edmonton Scottish Society, sponsors, first saw light of day in 1906 as the Caledonian Club, which was for men only. In 1937, they amalgamated with St. Andrew's Women's Auxiliary Club and formed the present E.S.S. In view of the work it had been doing, the Society became chartered in 1949 as a benevolent society, and has been doing works of a benevolent nature since that time.

The executive committee this year consists of president, David Hughes, now in his seventh consecutive term of office; first vice-president, Scott Alcorn, newly arrived from Scotland; second vice-

president, John Morrison; secretary-treasurer, Jane MacAskill, now in her third year of office; J. Mitchell, corresponding secretary; and John Wilson recording secretary who is in his fourth term of office. The Honorary President is Mr. J. F. Lymburn, QC, a prominent Edmonton barrister, and the Society's Chaplain is the Rev. Ian MacSween. We extend a cordial invitation

to Scots, Canadians of Scottish descent to attend our regular monthly meetings, held in the Corona Hotel the second Wednesday of every month. For further information, phone 21081, 75910 or 35796, and a member of the E.S.S. will be pleased to help you.

Need More Grain Storage

CALGARY (BUP)—The need for greater storage facilities for grain crops is imperative, said R. H. Emerson, executive vice-president of the National Grain Company.

Emerson has been accompanying George Heffelfinger, president of the National Grain Company Limited. They have been touring grain centres at Regina, Saskatoon, Edmonton and Winnipeg.

"It is quite a problem," Mr. Emerson said, "because demand for storage is far in excess of that available. We are investigating ways of handling the problem."

FOR POWER

201-cubic-inch, overhead valve engine delivers 33.00 maximum drawbar and 38.00 maximum belt horsepower. . . handles your heaviest 2-3 plow jobs easier, more efficiently.

FOR LIVE P. T. O.

Pull the hand lever and you halt forward motion without reducing P.T.O. speed. No jammed machines—no time-consuming stops.

FOR OPERATING EASE

Roomy platform, anti-shock steering, Hydraulic tool control and Velvet-Ride seat add up to maximum operating comfort.

FOR ECONOMY

Full-Pressure lubrication, wet sleeves, overhead valve design mean lower upkeep. Automatic, variable speed governor assures maximum fuel economy and maximum power at every speed.

Ask for a demonstration—see the 33 perform on your own farm.

Alexander Plans Edmonton Visit

EDMONTON (BUP)—Field Marshal Lord Alexander and Countess Alexander will visit Edmonton Oct. 14.

The Second World War general

will address a meeting of the English Speaking Union of the Commonwealth on the University of Alberta campus.

The former governor-general has been chosen as delegate to a conference of the Canadian branch of the union in Quebec City, Oct. 17.

Lord Alexander will make a

series of addresses in major Canadian cities, but a full schedule has not been released.

New York City will spend a record-breaking \$730,867,351 for capital improvements next year.

Mr. and Mrs. John Smith are happy to announce the arrival of a beautiful Chevrolet Bel Air, Two-Tone Hardtop.

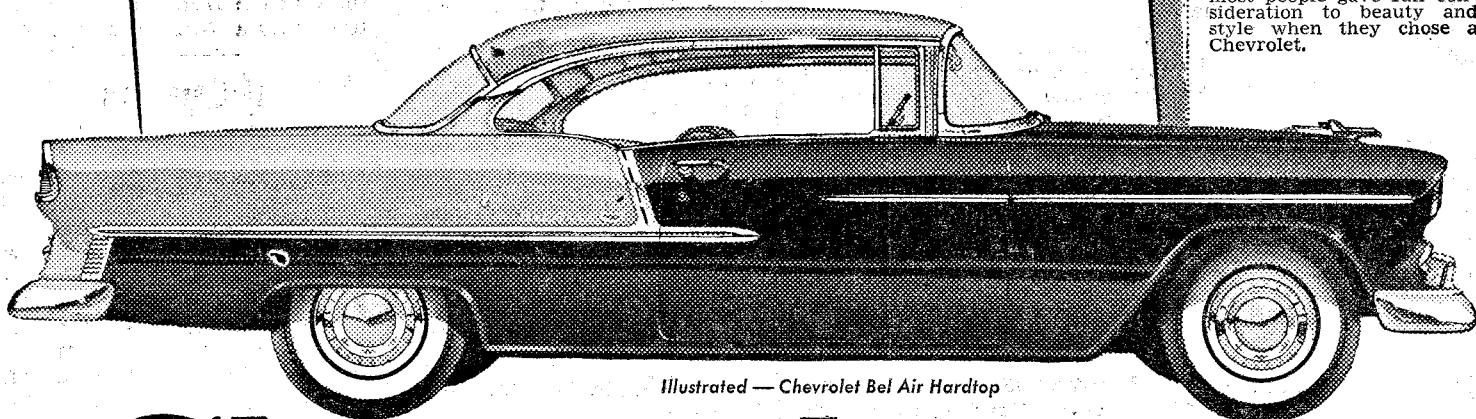

A wonderful surprise for Jimmy and Caroline, and Mother and Dad are just too excited for words.

Bumper to bumper it's a real beauty—easy to handle, yet full of pep and raring to go.

You should see the admiring glances it receives.

An addition to the family we are very proud of, and we know we are in for a great deal of fun and joy together.

Why not add a Chevrolet to your family?

Notes on the New Arrival
A DREAM FROM THE FIRST
From the first moment you step aboard, you'll find Chevrolet is a real dream in every way — in economy, in power, in ride, in stability and in luxury, too. This is the car you've always wanted.

EASY ON THE GAS
Ultra-high compressions, valve-in-head design, short stroke pistons — these and many more produce a wonderful fuel efficiency that saves you money with every thrilling mile you travel.

SURPRISING HOW IT GETS AROUND
Chevrolet's nimbleness and manoeuvrability allows you to make time, without speeding, in all traffic conditions. Ball Race Steering brings new ease of control and the new shorter turning radius gets you in, and out, of tight places safely.

AMAZINGLY FIRM AND STEADY
Unmatched roadability is the brightest of Chevrolet highlights. The new suspension keeps you on the level under any kind of road conditions. And just wait 'til you try its cornering ability.

A WONDER IN ITS WEIGHT CLASS
The all-new, tremendously compact Chevrolet V8 is the lightest engine in its class, yet it powers a performance that outdoes them all. Try the high power-to-weight ratio of Chevrolet today. You'll be amazed!

A REAL DARLING FOR LOOKS
Looks are a matter of personal taste, but this year Chevrolet is the fastest selling car in automotive history. And we're sure that most people gave full consideration to beauty and style when they chose a Chevrolet.

News From Other Alberta Towns

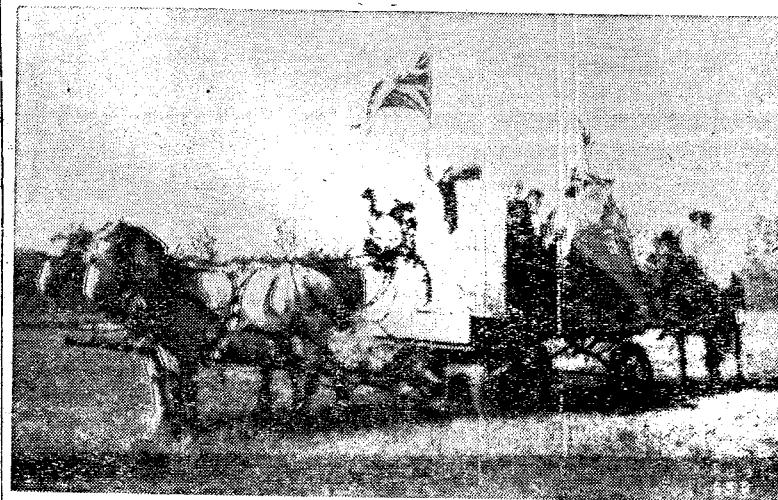

Reminiscences Of Jubilee Parade At Slave Lake

Although the parade and activities of the Jubilee celebrations at Slave Lake are now past history, it is still the big talk of the district, and the committee has received many congratulations on its endeavors, so these remarks are passed on to the good citizens who did their job by co-operating and thereby making the event such a big success.

It is impossible to publish all the pictures that we have of the parade and other events, but two are to be seen in this issue. The parade will be a yearly event in Slave Lake from now on. Those who did not put in a float will have an opportunity next year at the annual sports event. A parade will indeed be the big event of the day.

MAC WIECHERT'S Garage Float with his three children, Ralph, Marion and Patsy (Blondy). They succeeded along with others who entered floats, in making the big Jubilee celebration a success.

MANY GOOD FLOATS were entered in the recent Jubilee Parade in Slave Lake. This one depicted the early beginnings of the hamlet, then named Sawridge, in 1905.

Farewell Party For Georgie Whitson

MANNVILLE — Several boys and girls gathered at the Christ Church Parish Hall on Friday evening, Sept. 16, to bid farewell to Georgie Whitson, who was leaving on Monday for Brantford, Ont. David Croft, on behalf of the group, presented Georgie with a signet ring. Georgie thanked his friends for their kindness. An evening of fun and a delicious lunch was enjoyed by all.

Georgie will attend school at Brantford until next June.

382 Students At Falher School

FALHER — On September 6, school doors were opened for 382 students of the Falher School. This was an increase over last year when school finished with 319 students. A total of 16 teachers fill the needs of all the grades.

Teachers on the staff include: Sister Robert and Mrs. Blanche Dumas, grade 1; Miss Cecile Lapierre, grade 2; Sister Arthur, grade 3; Miss Bellerive, grade 4; Miss Lillian Paul, girls of grades 5 and 6; girls, grade 7-8-9; Sister Suzanne; Mr. Lauze, grade 7 boys; Father Tuirene; grade 8 boys; and Father Bugeaud, grade 9 boys; grades 10-11-12, Father Farjet, and Gayette, Sister Regina, Sister Guy Abbe and Sister Eva Marguerite.

Wins Scholarship

MANNVILLE — Jim Bolding has been awarded the WI scholarship which will be presented at the Home and School meeting on Thursday evening.

He has entered the Faculty of Education at the university this fall.

Experiments In Strip Cropping Valley Slopes

Strip cropping in valley slopes has successfully prevented erosion in the Peace River area in tests carried out by the Beaverlodge experimental station. A long sloping hillside with numerous knolls and gully-like depressions was divided into 90 foot strips and a rotation of fallow-wheat-barley followed by four years of grass or grass legumes was implemented. Wheat production on fallow over a five-year period from 1949 to 1954 has ranged from approximately 29 to 36 bushels per acre and second crop barley from 26 to 35 bushels per acre. No gullying or erosion has occurred.

Bucket Brigade Quells Fire

REDWATER — Fire Chief Bob Smith assisted by Charles Williams, formed a bucket brigade to quell a fire in an outbuilding about 10:20 o'clock in the evening on Thursday last, on the south side of town. Investigation divulged that the fire was started by some young boys playing with matches.

Derrick Collapses Injures Man

VALLEYVIEW — Derrick-man Boychuk had a miraculous escape when the derrick at Cantex No. 12 completely collapsed on the morning of Sept. 9. Fortunately he was strapped with the safety belt. The frame had to be jacked up to disentangle him.

At 12 noon they contacted the district nurse in Valleyview. By 12:15 she had collected her equipment, was driven the 15 miles to the rig and was giving the patient a hypo.

He was taken to Grande Prairie where it was found he had sustained a broken pelvis, chest injury and a knee laceration.

Calgary Power Building Going Up

REDWATER — The new Calgary Power Building, which is being erected on First Street West and Railway Avenue, is rapidly taking form, with the sides and roof now up.

The building is scheduled to be finished the first week in October.

Lucien Maynard Buys Oil Rights In Falher District

EDMONTON (BUP) — Lucien Maynard was the successful bidder for reservations on petroleum and

natural gas rights on 44-thousand-321 acres in the Falher area two-hundred miles northwest of Edmonton.

Maynard was Alberta's attorney-general until his defeat last summer in the general election June 29th.

The highest bid at the auction sale was Maynard's 17-thousand-539-dollars. The auction was conducted by the Provincial Mines Department.

Stumack Oil Limited paid six-thousand-243-dollars for reservations on 41-thousand-624 acres in the St. Paul area, 125 miles north-east of Edmonton.

Sunday School Opens

MINBURN — Approximately 48 children, the superintendent and teachers attended the opening Sunday School session of the season.

Minburn has one of the best Sunday Schools along the line or even in the presbytery. The Minburn United Church Sunday School is held every Sunday at 11:00 a.m.

The teachers have discussed the possibility of having a Bible class for teen-agers and adults under the direction of Mrs. Ronald Peden. Teachers are Ronald Peden, superintendent; Mrs. R. Peden, Miss Maxine deKat, organist and secretary; Mrs. J. Miller, Mrs. J. Kufeldt, Mrs. Leo Rustad, Miss Esther Wasalasko and Richard Wasalasko.

John Tulick Wins Scholarship

An Andrew High School Graduate, John Tulick has been awarded the \$500 Alberta Hotel Association Scholarship. He has registered in engineering at the University of Alberta.

John is the son of Mr. and Mrs. P. Tulick of Andrew.

John completed his Grade 12 with an average of 76.5.

Heavy Rains Deluge District

Heavy rains, which fell for three days last week, quickly turned Redwater and district roads into impassable quagmires, enjoyed only by the very young.

Both the roads leading into town were in such a deteriorated condition that it was almost impossible to travel on them in cars, without becoming mired down. Buses from the north were as much as one hour late.

Loudest complaints were from the persons having their sewer service line ditches dug, water from the roads ran down into the ditches and from there into the basements.

Main Street was in a particularly sloppy condition, almost reminiscent of the first boom days in Redwater.

I.O.D.E. Presents Plaques To New Citizens

VEGREVILLE — A very pleasant event began the working season for the Major Fane Chapter, IODE. It was the presentation of citizenship plaques to eight new citizens after they took the oath of allegiance before Judge Buchanan. Mrs. Wm. Turner, Immigration Convener, read one of the plaques aloud to the whole group. It outlines the duties of citizenship and is a handsome reminder that these are to be assumed as well as the rights and privileges.

This season also, the Major Fane Chapter presented the courthouse with a portrait of Her Majesty Elizabeth II. In addition to the duties of all Chapters to help with provincial and national projects, this Chapter regularly sponsors the Vegreville Public Library and provides a scholarship of \$50.00 annually for a deserving student in education.

The other local Chapter of the IODE, the Ada I. Wright, was so named for the town's first teacher. Projects for this year have not yet been completely planned, but they last year provided half the money for a ward's furnishings at St. Joseph's Hospital, donated pictures to local schools, and sponsored the children's section of the library. Aid was also given to two unfortunate families.

Both IODE Chapters, along with other Vegreville organizations, gave help to the Boy Scouts in this, the year the World Jamboree came to Canada at Niagara-on-the-Lake.

School Opens With 410 Pupils

DERWENT — Classes opened again in Derwent high and public school with 410 pupils enrolled.

Teaching staff consists of Wm. Bober, principal; Wm. Saskowsky, vice-principal; S. Wyocki, E. Poddealuk, Mike Wysocki, Mr. Stepanskiuk, Mr. Romaniuk, Mrs. A. Wysocki, Miss Motowyla, Miss Lukaweicki, Mrs. Poddealuk, Miss Gorgichuk, Miss Baber, and Miss Krankowski.

Wins Scholarship

DERWENT — Boris Sakowsky, 17, has been awarded the Alberta Hotelmen's scholarship of \$500.

Boris is now attending university in the faculty of engineering. He also was awarded \$50 Two Hills scholarship for an average over 80 per cent.

Ceylon's Premier says aid, not arms, is Asia's need.

Crash Victims Helped By Lahti Family

By F. C. BOULTON

An Associated Airway plane left Edmonton on Friday at midnight with six men aboard. Shortly after taking off one engine went dead and the men started unloading the cargo, then the other engine went dead so the pilot tried to make a landing.

He landed in a field of swathed grain in Sulo Lahti's farm at Abee but the plane was wrecked on landing, killing two men. The other four were injured, two seriously. Before landing, the plane passed over Mrs. Paavola's house, knocking off the top of the radio pole. They did not hear the plane as the engines were dead, but on looking out the next morning they saw a sack of flour sitting under the caragana hedge.

Three of the least seriously injured men walked or crawled to the bush and spent the night in the rain and darkness and at daylight one man went to Sulo Lahti's farm home and knocked at the door.

Seeing a man soaked with rain and smeared with blood, she became frightened and quickly closed the door.

He said, "Please let me in I'm so cold," which she did, and after learning of the plane crash she walked to her son's farm ¼ mile away through mud and rain to get her son, Taunni, to help, also the neighbors.

One injured man was still in the plane pinned between the two dead men. After removing the injured man from the plane, they placed him on a mattress and took him to the farm home. Taunni Lahti left by truck for Abee to phone the RCMP and a doctor. When the doctor arrived, Mrs. Taunni Lahti assisted the doctor in caring for the injured.

Mrs. Sulo Lahti for the last few days has opened her home and served meals, lunches and coffee to RCMP and Airway officials.

The RCMP from Redwater had earlier phoned Mrs. P. Kirk at Abee post office to ask if she had heard an aeroplane that was in distress.

Constable Morris New RCMP OC

REDWATER — Constable Peter Morris, formerly of Nordegg detachment, has now taken over charge of the RCMP detachment at Redwater, succeeding Corporal J. S. D. "Jim" Brandon, who has retired and is now employed in Edmonton. Constable Morris has served for 15 years with the RCMP. His assistant will be Constable Ken Hellander, who also served with Corporal Brandon.

Mrs. Morris and their three daughters will take up residence in the detachment house.

Students' Union Elects Officers

INNISFREE — The Students' Union of the Innisfree High School held their first meeting of the new term opening, Sept. 6. Officers are as follows: president, Michael Thachuk; vice-president, Bobby Pshyk; grade 10 representative, Betty Mokry; grade 11 representative, Jeanie Sokoluk; grade 12 representative, first-year student, Moleen Barber; grade 12, graduating class representative, Sylvia Paranych.

5c to \$1.00 STORE

LAC LA BICHE

Alberta

HEY, FOLKS!
WHAT'S ALL THE RUSH ABOUT?

Who's selling what for half price?

Where are you all going in such a hurry?

Well, actually, nowhere.

The artist who drew this sketch was just having a little fun.

He was imagining that this week we had printed only one copy of this newspaper and had announced that it would go to the person who got to our office first.

Sort of silly, isn't it?

You know, as well as we do, that our newspaper presses turn out hundreds of copies weekly and that the post office, the local stores, and the carrier boys and girls will make sure you get your copy.

As a matter of fact, yours is only one of over two million Canadian families which each week subscribe to a home town weekly paper.

And because there are so many Canadians interested in their home town news, and because so many businessmen know that newspaper advertising is the best and cheapest way of selling goods and services, instead of just one copy, there are this week being printed in Canada over two million weekly newspapers like the one you are now holding.
